## P R E F A C E .

This compilation is intended to form a supplement to the **Directions for Settlement Officers** published in 1844, and the references at the foot of the several pages allude to the paragraphs of that work.

2. It is a specimen of the mode in which the record of rights in a village is formed, and constitutes the **Settlement Mist** which is described in paragraphs 161-169 of the **Directions**. An effort has been made to render it illustrative not only of the mode in which the rights are recorded, but also of some of the most usual forms which the rights assume.

3. With this view the same mahal or estate as surveyed and mapped both in the European and the Native methods is supposed to be held by two separate proprietary communities, the several incidents of whose tenures are shown in two complete and distinct sets of papers.

4. The village is first supposed to be a simple **zemin-darree** tenure, of the kind mentioned in paragraph 87 of the **Directions for Settlement Officers**. Three persons are joint proprietors of the whole estate and possessed of equal shares in it. Each of them cultivates a certain portion, for which he contributes at a fixed rent to the common stock. The rest of the land is cultivated on fixed terms by under-tenants. One of the three joint proprietors, as **Lumburdar**, collects the rents from the whole village, deducts the Govern-

ment Revenue and the village expences from the common stock, and divides the remainder equally with his co-parceners, to whom he is bound to render a true account. The opportunity has been seized to give several specimens of subordinate holdings. Two of the cultivators are sub-proprietors possessed of small heritable and transferable properties, subject to the payment of a fixed sum. The rest of the cultivators are not proprietors. Some of them have an hereditary right of occupancy at fixed rents, with or without the power of sub-leasing. Others are mere tenants at will, holding from year to year at the pleasure of the proprietors. Specimens are also given of the several modes of levying rents, either in kind or in money. If in kind, different modes of apportionment of the gross produce, are shown, and if in money the sum is either fixed, or the rates vary, according to irrigation, position of land, or nature of crop.

5. The village is next supposed to be held by a co-parcenary community. Here the Estate is Putteedarree or Bhyachara and the distribution of profits is according to custom, as described in paragraph 93 of the Directions for Settlement Officers. In order the better to illustrate some of the most common of the customs, which regulate the distribution of profits in such communities, the mehal is supposed to be of the nature mentioned in paragraph 67. It is divided into Thokes and Puttees. These are all bound together by a common tie of joint responsibility, but each has its own separate custom, which regulates the distribution of profits amongst the proprietors, who are the constituent members of the community. There are four Thokes or primary divisions, named Dalan, Bhubhoosya, Manuck and Bheeturla, and the last of the Thokes is sub-divided into two Puttees called Indurmun and Thundec. There is also some land in the village common to all the Thokes.

6. In Thoke Dalan the land is divided and held separately according to ancestral shares. In Thoke Bhubhoosya each man holds a separate portion of land on which he pays rateably according to the extent. In Thoke Manuck the land is divided into portions called ploughs, and each man pays according to the ploughs of which he is possessed. In Puttee Indurmun of Thoke Bheeturla the custom of Dhar-bachh prevails, i. e. the Government demand and village expenses are added together, from which total the collections from the non-proprietary cultivators, and the common land are deducted, and the remainder is made up by an equable cess per Beegha on the cultivation of the proprietors. In Puttee Thundee of Thoke Bheeturla, the land is held in common, the cultivation of the proprietors is assessed at a fixed rate; and the total collections are thrown into a common stock and divided according to the proprietors' shares.

7. It must be remembered that these documents are more voluminous than those of an ordinary village of the same size would be, because they have been so framed as to shew the greatest variations of tenure, which the size of the village admits.

By authority of the Hon'ble the Lieutenant Governor  
North Western Provinces.

J. THORNTON,

*Secretary to Govt. N. W. Provinces.*

# SETTLEMENT MISL

[BOUNDARY MISL—No. 1.]

## *TEHSEELDAR'S PETITION.*

In accordance with your directions, I visited Mouza Ferozepoor in Pergunna Dasna, to adjust the boundaries of that village. The demarcation of the line between it and Mouza Doondahera, Kapishera, Sumalkha, Bhuruthut, Bamnoulee, and Choumooa was completed without any dispute; that on the side of Mouza Puchkhera, was settled amicably between the parties; and that next to Salehpoor, by the arbitration of Hurdeo, Balkishun, and Nurput, the Zemindars of Mouza Piswara, who were chosen by mutual consent of the parties. The only portion of the boundary remaining undetermined adjoins Mouza Nagul. The Zemindars have often been advised to settle the dispute among themselves, and the usual period of 7 days (already elapsed) has been allowed to them, for that purpose, but they have neither done so nor selected arbitrators. The misunderstanding daily increases, and as there is a probability of a disturbance, I beg you will visit the disputed boundary in person, and when you have seen it, have the matter decided by arbitrators, chosen by lot on the spot, which arrangement will probably put an end to the quarrel. Having brought

*Boundary Misl.]*

SETTLEMENT MISL.

[No. 2.

these facts to your notice, I am ready to act according to your further orders.

THE PETITION OF SHEO PURSHAD,

*Tehseeldar of Pergunna Dasna,*

*Dated,      &c.      &c.*

ORDERED

*That a Purwana be issued to the Tehseeldar stating that my tents will be pitched on Monday morning at the disputed boundary, where the contending parties and some of the arbitrators mentioned in the list should be in attendance.*

(Signed) J. SMITH,

*Assist. Set. Officer.*

PURWANA.

To

PUNDIT SHEO PURSHAD.

*Tehseeldar of Pergunna Dasna.*

Your petition, dated                      requesting the Settlement Officer to visit in person the disputed boundary of Nagul and Ferozepoor, Pergunna Dasna, in order to decide the case, and stating that although a full week was allowed to the Zemindars of both the villages to settle the dispute, they had not done so either among themselves or by arbitration, has been received and read. And you are hereby informed, that my tents will be pitched on Monday morning, at the disputed spot where the contending parties, and some of the arbitrators mentioned in the list must be in attendance.

**ROOBUKAREE.**

PROCEEDING HELD BY MR. SMITH, ASSISTANT SETTLEMENT  
OFFICER OF ZILLA MEERUT, DATED 18

*Ramjus, Sudasookh, Doula, Thundee and others, Zemindars  
of Mouza Ferozepoor, Pergunna Dasna—VERSUS—Hursookh,  
Teja and others, Zemindars of Nagul, Pergunna Dasna.*

DECISION REGARDING THE DISPUTED BOUNDARY OF THE TWO  
VILLAGES.

The Assistant Settlement Officer having this day encamped near the boundary of the above villages, in order to settle the dispute regarding the same, the lines indicated by the respective parties were separately inspected in the presence of the parties concerned, as well as of the Tehseeldar and of the persons mentioned in the list of arbitrators. It appears that the boundary of Nagul is to the North of Ferozepoor, and that the land claimed by both villages consists of about 300 Pucka Beeghas of waste, but that neither party could adduce proof of actual possession.

The Tehseeldar of the Pergunna having already allowed the contending parties a week to decide the quarrel, either among themselves or by arbitration, and they having failed to do so, it was found expedient to have it determined by assessors, chosen by lot; which fell upon Doulut, Zemindar of Bannoulee, Oodey Singh and Suntokh, Zemindars of Sumalka, Buldeo, Choudhree of Qusba Dasna, and Purshadray, Zemindar of Jugunpoor. And as no objection on the ground of relationship, &c. was brought against any of them, they were desired to decide the case. After examining the disputed land, four of them unanimously agreed on the position of the boundary, but the fifth (Suntokh) dissented from their opinion. As according to law the decision of the majority must be preferred, it was adopted, and the Tehseeldar ordered to have the boundaries marked off at once, by causing deep ditches to be dug, charcoal and bricks to be buried, and pillars to be erected in his own presence. He was also directed to get a bond executed by the Zemindars of Ferozepoor, engaging themselves to

*Boundary Misl.*

SETTLEMENT MISL.

[Nos. 2 &amp; 4.]

secure the marks from future obliteration ; and the contending parties were then dismissed.

(Signed) J. SMITH,  
Assist. Set. Officer.

### REPLY TO PURWANA.

Your Purwana, dated \_\_\_\_\_ informing me of your intention to visit the disputed boundary of Nagul and Ferozepoor, Pergunna Dasna, and to have the dispute settled in your presence, and desiring me to have in attendance the contending parties and some of the arbitrators mentioned in the list, was duly received. I beg to record with reference thereto, that after your arrival at the appointed place the arbitrators decided the case in your presence.

(Signed) PUNDIT SHEO PURSHAD,  
Tehseeldar.

ORDERED

*That this petition be filed with the Misl.*

(Signed) J. SMITH,  
Assist. Set. Officer.

Dated \_\_\_\_\_

### PURWANA.

To

PUNDIT SHEO PURSHAD,  
Tehseeldar of Pergunna Dasna.

In accordance with the order entered in to-day's Roobukaree, you are directed on receipt of this Purwana to mark off in the usual manner the decided boundary of Nagul and Ferozepoor, according to the decision of the four assessors, Donlut, Oodey Singh, Buldeo Singh and Purshadray, by causing deep ditches to be dug, charcoal and bricks to be buried, and boundary pillars to be erected in your presence. You will also take recognizances from the

Zemindars of Ferozepoor and make over the boundary marks to them, so that no one may injure the marks in future.

(Signed) J. SMITH,  
Assist. Set. Officer.

Dated

### REPLY TO PURWANA.

In obedience to the orders conveyed in this Purwana. I have had the demarcation of the boundary of Nagul and Ferozepoor completed in the usual manner according to the decision of the assessors Doulut, Oodey Singh, Buldeo Singh and Purshadray, and have placed the marks in charge of the Zemindars of Ferozepoor. Since the boundaries of Ferozepoor have been marked off on all sides, and the Khusra and the sketch of the boundaries are completed, I beg to forward all the papers regarding the demarcation as detailed in the following list :

|                                                      |                   |           |

| 74                   | 49                       | ditto ditto.                                                                                                                                                                                                                                                                                                   |
| 75                   | 82                       | This mark is situated on the Western boundary of Mouza Puchkhera, Pergunna Dasna. A quarrel arose here about 40 Pucka Beeghas of cultivated and 200 Beeghas of waste land, and the disputed land was equally divided between the contending parties by their common consent. The Razeenamma was duly executed. |
| 76                   | 78                       | The same as above.                                                                                                                                                                                                                                                                                             |

Purgunna Dasna.

## ORDER.

*On the perusal to-day of the papers concerning the adjustment of the boundaries of this village, which show, that three of its boundaries have been adjusted under the superintendence of the Tehseeldar, and the fourth by myself, the arrangements are deemed worthy of confirmation, and it is accordingly hereby ordered that the papers, now sent by the Tehseeldar as well as those previously received, be filed together and kept in the Office; and that the Surveyor be informed that he may begin the Survey.*

dated

*Memo. Collr's. Office.*] SETTLEMENT MISL.

[No. 3.

*Memorandum from the Collector's Office on Mouza  
Ferozepoor, Purgunna Dasna, Zilla Meerut.*

The Settlement Record and papers in the Sudder and Moolfussil Offices represent this as an Uslee Village and inhabited. Also that at the commencement of our rule in the year 1211 Fuslee a Settlement at a Jumma of Rs. 2201 was made with Nensookh Zemindar for one year, which was renewed for 1212 Fuslee, at a Jumma of Rs. 2301.

He further engaged for the annual payment of Rs. 2451 from 1213 to 1215 Fuslee, and paid the demand of the first year, but left an arrear of Rs. 800 on the second, in consequence of which the village was farmed for two years to Hursookh Ray.

This lease having expired, a second Settlement was concluded from 1216 to 1218 Fuslee, at Rs. 2592, with Sookhmun, Prem and Doula Zemindars, the former Zemindars being excluded on the ground of incapacity. Nensookh and Sookhram having, according to the Report of the Purgunna Canoongo, died on the 17th June 1810, A. D. and the 3rd July 1810, respectively, Thundee, the son of the former, succeeded him as Zemindar, and Ramjus was recorded as Zemindar and Malgoozar in the place of his father Sookhmun, in conformity with the Proceedings, dated 25th November 1810.

The 3rd Settlement from 1219 to 1222 Fuslee, was made with Ramjus, Thundee, and Doula, Zemindars, at a Jumma of Rs. 2792 per annum. In 1221 Fuslee, in consequence of drought the prosperity of the village declined, and a balance of Rs. 775 became due to Government. Ramjus and Doula, the defaulters, mortgaged 10 Biswas of the Village to Huzareemul and Goolzareemul Sahoo-kars for 900 Rs. and on the application of the mortgagees, dated 1st May 1814, the usual mutation took place.

*Memo. Collr.'s Office.] SETTLEMENT MISL.*

[No. 3.]

The 4th Settlement from 1223 to 1227 Fuslee, was made with Thundee, Zemindar of 10 Biswas, and Goolzareemul and Huzareemul Mortgagees of 10 Biswas, at a Jumma of Rs. 2892 per annum, On the 15th March 1816, the Mortgagees brought a Summary suit for Rupees 375 as balance due against Ramjus Zemindar, and obtained a decree in their favor. On the 10th September 1816, Thundee and Doula Zemindars brought a charge of over exaction to the amount of 57 Rs. against the Mortgagees, which was dismissed for want of proof. In the commencement of the year 1225 Fuslee, Ramjus and Doula Zemindars, having redeemed the pledged lands by paying the amount of the Mortgage, resumed possession.

The 5th Settlement from 1228 to 1232 Fuslee was made with Ramjus, Doula, Thundee and Prem, Zemindars, at an annual jumma of Rs. 3100. On the 9th April 1821, Prem died, and in conformity with the Proceedings of the 5th August 1821, Sadasookh, his eldest son, was recorded in his stead as Zemindar and Malgoozar, with the consent of the shareholders. On the 9th December 1823, the rights and interests in 6 Biswansees and 5 Kuchwansees of Dewuka, son of Poorun defendant, were sold by auction under a Decree of Court, and bought for Rs. 105 by Nandkuran, son of Duyanut, a resident of the Village, who obtained possession on the 16th October 1824.

The 6th Settlement from 1233 to 1237 Fuslee was made with Ramjus, Doula, Thundee and Sadasookh at an annual Jumma of Rs. 3287, which is still in force.

At present, Ramjus, Doula, Sadasookh, Thundee, Bhancee, Khoosheeram and Indurmun are entered as Zemindars, and Ramjus, Doula, Sadasookh and Thundee as Malgoozars. There is no other claimant. For the current year there is an arrear due to Government of Rs. 500.

*Sta. No. 2 Cont.]* SETTLEMENT MISL.*[No. 4 Cont.**Report prepared by the Officers of the Tehseel  
Cutcherry.*

A patch of ground measuring 25 Pucka Beeghas by the old Jureeb belonging to Huzareemul and Goolzareemul is not entered in the Mafee Register. Of this, 17 Beeghas 3 Biswas, or by the present measurement 16 Beeghas 17 Biswas, are left unassessed as being occupied by trees, and 7 Beeghas 17 Biswas have been included in the Khalsa lands. Two other patches of ground, containing 75 pucka Beeghas, or by the present measurement 62 Beeghas and 10 Biswas, held by the same party, were resumed and brought on the Government rent roll in consequence of their not being entered in the Mafee Register. There is much cultivation carried on to the west of the village; the land is high and the rain water immediately drains off towards the east. Kucha wells do not answer, owing to their filling with sand, and the proprietors are too poor to line them with masonry. First rate crops are scanty. The proprietors collect the revenue and the village expenses by the following methods.

From Thoke Dalan by a bach, h in proportion to the Biswa shares.

From Thoke Bhubhooseea by a bach, h assessed in proportion to the Beeghas held.

From Thoke Manik by a bach, h upon ploughs.

From Thoke Bheeturla, the shareholders in Puttee Indurmun pay the balance by a bach, h assessed on the extent of their holdings for the year, a portion of the revenue and the village expenses being paid by rent from non-proprietors.

The shareholders in Puttee Thundee pay upon the irrigated and the non-irrigated lands a fixed rate per beegha. Of the hereditary cultivators some pay at fixed rates, some according to the quantity of irrigated and non-irrigated land, some upon ploughs, and some pay in kind. The Government demand is paid separately by the proprietors and the apportionment of profit or loss is distributed as entered in the Administration Paper. The revenue is paid with difficulty. The estimate of the Tehseeldar and the

*Engagement for the village of Ferozepoor,  
Purgunna Dasna, Zilla Meerut.*

We Sudasookh, Doula, Ramjus and Thundee, Lumburdars, on condition of sanction being accorded by the Sudder Board, offer to pay the Jumma Rs. 86730, besides Rs. 870 towards the Road Fund, making a total of 87600 Rs. in addition to Sayer, Abkaree, &c. &c. from 12 to 12 Fuslee, being a period of 30 years, and thereafter until a fresh arrangement is made, at the same Jumma as that of the last year. We promise to pay this Revenue without fail, and without any sort of excuse on the score of harm befalling the crops or the seasons proving unpropitious.

PROCEEDINGS REGARDING THE ASSESSMENT OF MOUZA FEROZPOOR,  
PURGUNNA DASNA.

On the occasion of the settlement of the Purgunna, this village also came under consideration, and the Zemindar of the Mouza being summoned, Ramjus, Doula, Sudasookh, Thundee, Asaram, Umursingh, Bhanee, Bustee, Toolsheeram, Zouqee, Hurchain, Teja, Yadram, Indurmun, Lalsingh, Futehsingh and other Zemeendars, were found in attendance. The professional Map, Statement No. 2, the Jumma bundee, and the Memorandum from the Collector's Office being read, it appeared that the former Jumma of this village was 3287 Rs. There are 1866 Acres of Bangur, or high land, not irrigated, 332 acres of irrigated, and 377 acres of Waste. The Jumma bundee of the cultivated land has been computed below at the average rent rates.

| Kind of Soil.      | Extent of<br>land in<br>Acres. | Average<br>rent rate. | Amount ac-<br>cording<br>to this rate. | Rate of<br>deduction. | Amount<br>deducted. | Deducted<br>revenue<br>rates. | Amount ac-<br>cording to<br>this rate. |

*S. O. Proceedings.]*

SETTLEMENT MISL.

[No. 6.]

To continue this Jumma, amounting to Rupees 3191, appears improper, because there is more Bangur than irrigated land. One-third of the area is cultivated by non-proprietors, and it is not altogether certain that they will continue to cultivate the non-irrigated land. The greater portion of the cultivated land lies to the west, where, as the surface is higher than in other parts of the village, the rain water does not sink into the soil, but flows off in a stream towards the east. The kucha wells do not answer, as they fill with sand from the sides, and the proprietors are too poor to construct others with masonry. The more valuable kinds of crops are scantily raised. The Jumma has been frequently increased during the late Summary settlements. In one year, a balance of rupees 800 became due to Government, and the village was transferred to a lessee. In another year of the 2nd Settlement, a balance of rupees 775 having become due to Government, the proprietors mortgaged the village; and only with great difficulty redeemed it and recovered possession in a subsequent year. The Government demand is met with difficulty. The estimate of the Tehseeldar coincides with that of the Canoongo, viz. Rupees 3100, which is 187 Rupees less than the former Jumma, and in accordance therewith the Settlement Officer thinks proper to reduce the Jumma of Rupees 3191 obtained by the deduced Revenue rate in the sum of rupees 300, leaving rupees 2891 to be realized for the future from the proprietors, besides 29 Rupees contribution to Road Fund. The Zemindars being informed of this, gave in their assent. On being desired to elect Lumburdars, they unanimously chose Thundee, Ramjus, Doula and Suda-Sookh. As there are four Thokes, it appeared proper to appoint only four Lumburdars. An engagement was jointly filed by them promising to pay the Government Revenue according to the Jumma fixed for 30 years, commencing from the year ——— to the year ———. This engagement having been attested, the order recorded was, that it be accepted, pending confirmation by the higher authorities—that the village papers be sent to the Deputy Collector in order to complete the Khewuts, and that the parties present may take their departure.

The five hundred and fifty beegahs and six biswas of the com-  
mon land,(a) including waste and lately abandoned land, pay  
nothing. Should we at any time feel so disposed, we may divide it

equally between the Thokes, (b) either by agreement to that effect amongst ourselves, or by requesting the appointment of an Ameen by the Collector—and whatever tract may fall to a Thoke, of which the internal divisions are not according to ancestral right, will be divided amongst the Proprietors in proportion to their actual possession. But as long as this land is allowed to remain common, we will, when we are disposed to cultivate it, divide it into four portions and annually draw lots for it—the members of each Thoke being entitled to possession according to the rate of their respective Thokes. All the remaining land of the Township has been divided between the several Thokes. (c)

In Thoke Dalan the land is divided amongst the coparceners according to ancestral shares. (d) In Thoke Bhuhhooseea, possession (e) is considered equivalent to right. In this Thoke 68 beeghas 11 biswas of cultivated land are held in common (f) which the proprietors may, when they all agree to do so, divide in proportion to their actual possession. In Thoke Manik there is no fixed and permanent possession—for this reason, that certain of the proprietors having either absconded, or being without the means of management have not joined in this engagement, and the incumbent proprietors have therefore agreed to pay an equal amount by Hulsarree bach, upon ten ploughs. (h) In Thoke Bheeturla there are two puttees, one of Indermun, the other of Thundee, between which the land has been equally divided by the decision of arbitrators, (i) and the possession of every proprietor in either Puttee can be ascertained from the Terij. Each proprietor is entitled (k) to claim division of land according to ancestral right, and whichever of them refuses to yield this right, which is acknowledged by the terms

of this engagement, will be liable to all the expence attending the appointment of an Ameen or a suit in the Civil Court. It was found by the present measurement, that the portions of land belonging to these Thokes and Puttees, are not in exact proportion, there being a few Beeghas and Biswas more in one Thoke or Puttee, and less in another—but none of us have any objection to this, because excess in quantity is countervailed by deficiency of quality, and *vice versa*.

We have no concern whatever with the garden, comprising 16 Beeghas and 17 Biswas, which has been laid out by Huzaree Mul and Goolzarree Mul. With regard to the Fruit and Timber trees, (1) whether planted or growing spontaneously on the land on non-proprietary cultivators, the custom is, that the trees growing within the private enclosure of any individual shall continue in his possession so long as he resides in the village; and those growing within the field of any such cultivator will remain his property so long as he cultivates the land and pays the Government demands; but after his death or desertion, they will belong to the owner of the land. All trees, whether planted or growing spontaneously, on the common land of the whole village, or of any Thoke or a Puttee, will belong to all the proprietors in proportion to their respective interest in that land. All trees growing on the land of proprietors are their own private property.

The Wells and Artificial Reservoirs, (m) &c. are shown below :

PUCKA AND KUCHA WELLS.

*Common within Thoke Dalan.*  
4 Pucka Wells.

Shared between Zoukee  
and Hurchaine who have  
equal right of irrigation.

SETTLEMENT MISL.

[No. 9.]

In Thoke Dalan an equal average at the rate of Rs. 144-8-9 is levied per biswa (a) share, and every individual proprietor will be responsible for so much alone as is assessed upon his share according to this principle.

In Thoke Bhubhooseea the holding of every individual has been equally assessed at the rate of 14 annas and  $4\frac{3}{4}$  pies per beegha; (c) and 68 beeghas 11 biswas of the cultivated common land have not been assessed at all; but the profits of its cultivation will be divided amongst the proprietors of this Thoke in proportion to their holdings. (d)

In Thoke Manik 72 Rs. 4 annas and 6 pie have been fixed on every plough (e) and each proprietor will reap profit, or sustain loss, accordingly. The village expences in all three Thokes will be realized in the same proportions as the Government revenue.

In Thoke Bheeturla the proprietors (f) of the Puttee of Indurmun, after carrying to account the rents derived from the non-proprietary cultivators will distribute the balance both of revenue and the village expences &c. at an even rate per beegha on the land which may be each year under their cultivation.

In Puttee Thundee there was some dispute between the sharers respecting rates, which was adjusted by the arbitration of Doula and Ramjus, Lumburdars of Thoke Manik and Bhubhooseca; who determined, that every year the quantity of land under each sharer's (h) own cultivation should be ascertained by the Government Jureeb, and that irrigated land should be assessed at three-eighths and unirrigated land at one-twelfth a beegha, that the sums so collected should be united with the rents of the non-proprietary cultivators, and the proceeds of the common land, and after paying the

SETTLEMENT MISL.

[No. 9.

Government Revenue and village expences, the balance, whether in excess or deficiency, should be distributed amongst the proprietors according to the biswa shares noted hereafter. \*

The Sewaee (i) collections of each year or such as arise from woods, waters, and fruit, the bazar fees, and the proceeds of the common land of the village will be equally distributed between the four Thokes. .

In Thokes Dalan and Bhubhooseea, the proprietors will subdivide their share of the Sewaee collections in proportion to the amount which they respectively pay to the Government. And in Manik and Bheeturla Thokes, the partition will take place according to the recorded biswa-share of each proprietor as noted below.

currency of the settlement can be made for a revision of the mode of municipal administration, unless it is put forward by a majority of the shareholders, the majority to be reckoned not by numbers of persons but by the quantity of land which they represent.

Relating to hereditary  
Cultivators. (a)

IV. In Thoke Dalan there are no  
hereditary cultivators.

In Thoke Bhubhooseca, Sahibsingh, Luchmun Singh, Subha Singh and Oodey Singh, hereditary cultivators, remonstrated against the rates of their rent, (b) and it was agreed in the presence of the compiler of the settlement papers, (c) that the matter should be referred to the arbitration (d) of Sudasookh and Thundee, Lumburdars of Thoke Dalan and Bheeturla; who, after taking from the parties engagements to abide by their decision, determined that Sahib Singh should pay (e) 135 rupees for the 49 beeghas 14 biswas under his cultivation, having the power to sublet or transfer at his pleasure; and that Luchmun Singh without the power to transfer or sublet, should pay 150 Rupees for the 54 beeghas and 9 biswas under his cultivation, including village expences; that Subha and Oodey Singh should pay per pukka beegha of Government standard 3 rupees for irrigated and 1 8 for unirrigated land. The parties were satisfied with this adjustment. In the other Thokes we agreed to the following rates. (f)

Prem Jat, a hereditary cultivator of common land, pays Mendhwar or according to the capacity of the fields.

•So long as the hereditary cultivators continue to cultivate their fields and pay the fixed rates, they shall not be dispossessed (*a*) of their estate nor any sum in excess of those rates be demanded from them ; but if they fail to pay the rent in any year, the proprietor will sue them summarily (*b*) for the arrear, and on obtaining a decree in his favor, and failing (*c*) to realize his dues, he will apply to the collector to eject them from their land. •If an hereditary cultivator runs away or dies, his son or his immediate heir (*d*) will succeed him on the same terms, on his signifying his own assent to abide by them.

*Tenants at will. 5thly.*—The arrangement respecting cultivation of tenants at will, and Pahees, will be made every year (*e*) by the proprietors to whom they are subordinate, and their cultivation of the common land will be determined by the Lumburdars of each Thoke.

The rates of the present year are entered in the Terij ; for the future, the rates of the ensuing year will be determined in the month of Jeth by agreement between the cultivators and proprietors. If in the course of the year a cultivated field is abandoned

whether through death or desertion, the heir of the cultivator will succeed to its management (a) on the terms of his predecessor.

*Balances of Revenue. 6thly.*—If any sharer falls into balance his nearest kin will pay it. If his kinsman should be without means, then the proprietors of the Thoke will pay; if they also are without the means, then the proprietors of some other Thoke will pay; and whatever party pays the balance will become the occupant of the defaulter's land and pay its revenue. The defaulter, if he chooses to cultivate, will hold at fixed rates like other hereditary (b) cultivators. Within any of the first five years of transfer the defaulter will have the right of re-entry at the beginning of the year provided he pays up the balance. If he does not claim re-entry within this period then the land will remain with the transferee for the second five years entire, unless the parties agree to adjust the matter amicably among themselves.

*Transfer of Tenure. 7th*—All the proprietors have the right to mortgage, or sell their respective shares, either to satisfy their private necessities or to pay the Government arrears, but, on this condition, that the share must be first offered to a brother; on his refusal, to the nearest kin; after him, to the proprietors of the Thoke; then to those of another Thoke; and on their refusal, to any stranger. No person is entitled to mortgage or sell the common land, so long as it continues undivided.

*Relating to the Superintendence of deserted lands. 8th.*—If any proprietor absconds, his nearest of kin will first be responsible for the management and cultivation of the share; if no kinsman be forthcoming, the responsibility falls upon the Thoke; on failure of the Thoke to manage the share, the whole village (c) must undertake the management. On his returning to the village, his share will be restored to him in the commencement of the agri-

[No. 9.]

cultural year by the manager. Moreover, in Thoke Mauik, Subbha and Sawunt, the sons of Chaina and the co-parceners in equal shares with Hetram and Teja, and Ameen Chund, the son of Jeesookh, coparcener of Gunga Ram, absconded some time ago—but whenever they return, (a) and settle themselves in the village, their co-parceners will restore to them so much land as they may be able to cultivate—but they will not be allowed to assign their shares to any other person.

*Names of the Lumburdars (b) and the mode of their appointment.* 9th.—All the proprietors of the village have unanimously elected Suda Sookh, Doula, Ramjus and Thundee, as the Lumburdars respectively of the Thokes of Dalan, Bhubbhooseea, Manik and Bheeturla. After their death their eldest sons will be entitled to succeed them ; but in the event of the minority or incapacity of the heir, the proprietors of the Thoke, will, in the former case, appoint one of his relatives to the management during the minority, and, in the latter, promote some one else to the post, who, if possible, should be a member of the same family. If the Lumburdar should turn out a man of immoral and disreputable character, his family will forfeit the Lumburdaree right which will then be transferred to some other house competent to the management. In all such cases the matter shall be decided according to the will of the majority ; in the event of his being guilty of any fraudulent transaction in his management, it shall be at the option of the Collector to dismiss him.

*Village Expenses.* 10th.—The village expenses of each separate Thoke, including the Putwaree's fees, hospitality to travellers, and the Lumburdars' maintenance during attendance at Cutcherry will not be incurred without due intimation given to all sharers, and will be distributed in each Thoke in the same manner as the Revenue. The accounts will be entered in the Putwaree's

books, and every care will be taken that these charges shall not be excessive. The Government Tulubana shall be levied from those who have not paid their instalment to the Lumburdar at the proper time, and the Tulubana due shall be levied from the defaulters in proportion to the amount of balance due from each.

*Putwaree. 11th.*—Suda Sookh, son of Chain-Sookh Bukkal, about 40 years of age, and an inhabitant of this village has been appointed Putwaree. He is entitled to receive two rupees per cent. on the Government Revenue. We will pay his dues (a) at the same time as the Revenue instalments to the Tehseeldar. We will neither dismiss him from office, nor supersede him without the order of the Collector. All the accounts of the village will also be written by him, and the Jumabundee (b) and other annual papers prescribed by the Board will be regularly furnished through him to the Tehseeldar.

*Choukeedars. (c) 12th.*—Hurdeo, the son of Nynsookh, and Zorawur, son of Khooshhalee, both brahmuns, are appointed as Choukeedars of the village, and by order of the Settlement Officer will receive 2 Rupees salary each. (d) This sum will be collected monthly by an even cess on all houses of residents except those of sweepers, (e) and after being paid to the Choukeedars, their receipts will be lodged in the Thanna. (f)

There is a high road through this village. The Choukeedars are entitled to the fees according to the scale fixed by the Magistrate, from the traders who abide there during the night. (g) There is another Choukeedar, called Nyna, the son of Bloop,

SETTLEMENT MISL.

[No. 9.]

sweeper, who for a long time has held rent-free 10 pukka beeghas of land ; this land, (a) which has at present fallen out of cultivation will continue in his possession.

*Fines and treatment of Criminals, &c. 13th.*—If in any case the Criminal Court imposes a fine upon the village, the houses of all the residents of the village, except those of sweepers, will be equally assessed to cover the amount of the fine ; but if any one should be extremely indigent, he shall be excluded from the cess, if the majority of the inhabitants agreed to sanction the indulgence.

The reason why all the people residing in the village are to be equally assessed, is this, that all, without exception, are allowed to graze their cattle in the jungle, and take fuel grass and pala cuttings according to their own requirements, without paying any thing to the proprietors. Should any individual residing in the village be fined, he must be held responsible for it in his own person. The Lumburdars alone will be called upon to fulfil such orders as may issue from the Criminal or Revenue Courts, as well as to inform the Magistrate of any vagabonds and men of bad character residing in the village.(b) If the Lumburdars fail to give this intimation, and the character of such persons be afterwards impugned in any case so as to induce the Magistrate to impose a fine (c) the Lumburdars will alone be responsible for it : no general assessment will be levied to cover it.

*Manure. 14th.*—The proprietors are entitled to take the manure collected in and about the village in proportions equal to the amount of Revenue paid by each.

We have written these Clauses in the shape of an engagement, that it may remain as an authentic document, (d) and be appealed to in case of necessity.

SETTLEMENT MISL.

[No. 12.]

*Final Proceedings held by Mr. ——— Settlement Officer of  
Zilla Meerut, dated ———*

The Settlement papers of Mouza Ferozepoor, an uslee and inhabited village of purgunna Dasna, the tenure of which is Bhya-charee Putteedaree according to the description given in Regulation IX. of 1833, having been arranged, were gone over by the Settlement Officer, and are to the following effect.

*Para. I. Regarding decision of boundaries.*—It appears from the Boundary Misl that the demarcation of this village was completed in the year 18—, by the Tehseeldar of the purgunna. The right to 40 pukka beeghas of cultivated, and 200 beeghas of waste land, situated towards the west between the boundaries of Puchkhera and Ferozepoor, was disputed by the zemindars of both villages. Their respective claims were decided by mutual consent, and the land divided equally between the parties.

To the south of the village, a dispute, regarding the boundary of Salehpoor, was decided by the arbitration of Hurdeo, Balkishun, and Nurput, zemindars of Mouza Piswara, chosen as arbitrators by the contending parties, who accepted the decision; and to the north of the village, a dispute regarding the boundary with Nagul was decided in the presence of the Assistant Settlement Officer, by the arbitration of Doulut, zemindar of Bamnowlee, Oodey Singh, zemindar of Mouza Sumalukh, Buldeo Singh, Chowdhree of Qusba Dasna, and Purshadrae, zemindar of Jugjeewunpoor, the arbitrators chosen by lot under Regulation IX. of 1833. No dispute existed with any other villages regarding boundaries. Razeenamas executed by the zemindars of the surrounding villages, together with a sketch of the boundaries of the whole village, are filed with the Misl.

*Para. II. Regarding the Professional Survey.*—In the year 18— this village was measured by the Professional Surveyor. The area in acres is as follows.

| Total area in<br>acres. | Minhaec. | Balance. | Culturable not<br>cultivated. | Recently thrown<br>out of cultivation. | Cultd. |
|-------------------------|----------|----------|-------------------------------|----------------------------------------|--------|
| 2661                    | 80       | 2581     | 584                           | 437                                    | 1560   |

*Final Proceeds.] •*

SETTLEMENT MISL.

[No. 12.]

*Para. III. Regarding the field measurement.*—In the year 18—a detailed field measurement was made by the Ameen; the khusra and nuksha kishtwar were prepared by him and subsequently examined by the Tehseeldar of the purgunna. The area in acres is detailed below :

| Total area. | Site of the village. | Service land. | Garden. | Culturable not cultivated. | Recently thrown out of cultivation. | Cultivated. | Irrigated. | Not irrigated. |
|-------------|----------------------|---------------|---------|----------------------------|-------------------------------------|-------------|------------|----------------|
| 2608        | 70                   | 6             | 10      | 324                        | 38                                  | 2160        | 332        | 1828           |

The difference between the professional and the native measurement amounts to 53 acres.

*Para. IV. Regarding Lakhiraj land.*—From the memorandum of the Collector's Office it appears, that a piece of land containing 25 pukka beeghas, and belonging to Goolzaree Mul and Huzaree Mul, was not entered in the Register. 17 beeghas and 3 biswas (or by the present measurement 16 beeghas and 17 biswas) out of this land are left unassessed, from being planted with trees, and 7 beeghas and 17 biswas have been included in the khalsa land; two other pieces of land belonging to the same party and containing 75 pukka beeghas (or by the present measurement 62 beeghas 10 biswas) have been resumed and included in the khalsa land, on account of their not being entered in the Register.

*Para. V. Regarding the former Settlements.*—The same paper mentions that in the commencement of our rule the first Settlement was made with Nensookh zemindar, at a jumma of Rs. 2451, from the year 1213 to 1215 Fuslee; he paid the revenue for one year, but in the next a balance being due to Government the village was transferred to Hursookhrae Moostajir. After this period, the second Settlement was made with Sookhmun, Prem, and Doula zemindars,

*Final Proceeds.]*

SETTLEMENT MISL.

[No. 12.]

at a jumma of Rs. 2592, from the year 1216 to 1218 Fuslee. Nensookh died, and the name of his son Thundee was entered as zemindar instead of the deceased, in the usual manner; and at the death of Sookhmun, Ramjus was entered as malgoozar instead of his father. The third Settlement from 1219 to 1222 Fuslee was made with Ramjus, Doula, and Thundee zemindars, at a jumma of Rs. 2792 per annum. On the — 1814, according to the application of Ramjus, and Doula mortgagers, Huzaree Mul and Goolzaree Mul mortgagees were recorded in the usual manner as malgoozars of 10 biswas. The fourth Settlement from 1223 to 1227 Fuslee was made with Thundee zemindar and Goolzaree Mul and Huzaree Mul mortgagees, at a jumma of Rs. 2892 per annum, each party to have half the village. In the commencement of the year 1225 Fuslee, Ramjus, and Doula zemeendars having redeemed their lands regained possession from the mortgagees. The fifth Settlement from 1228 to 1232 Fuslee was made with Ramjus, Doula, Thundee, and Prem zemindars at an annual jumma of Rs. 3100. After the death of Prem zemindar, the name of Sudasookh his eldest son was entered in his stead as malgoozar on the — 1821. The sixth Settlement from 1233 to 1237 Fuslee was made with Ramjus, Doula, Thundee, and Sudasookh zemindars at an annual jumma of Rs. 3287, and still holds good.

*Para. VI. Regarding rights of the Zemindars.*—Thundee, Ramjus, Sudasookh, Doula, &c., (Jats,) have been proved to be the hereditary proprietors of this village.

*Para. VII. Regarding capability of the village and its assessment.* It appears from the professional map, Statement No. 2, the Jumabundee Statement, and the memorandum from the Collector's Office, that the former jumma of this village was Rs. 3287. The estimates of the Tehseeldar and Canoongo were both Rs. 3100, being 187 Rs. less than the above jumma. It contains 1866 acres of unirrigated bangur, 332 acres of irrigated, and 324 acres of waste land. By applying the average rent rate to the cultivated area, a jumabundee of 4787 Rs. is obtained; and from this, by a deduction

*Final Proceeds.]*

SETTLEMENT MISL.

[No 12.

of one third, a jumma of 3191 Rs. The calculations are given in the proceeding dated —. The Settlement Officer saw fit to lessen this jumma by Rs. 300 for the several reasons mentioned in the same proceeding ; and accordingly, after making this deduction, 2891 Rs. per annum are fixed as the future jumma, with the addition of Rs. 29 for the road fund.

*Para. VIII. Regarding the present Settlement.*—On the — 18 — the settlement of the pergunna having been brought forward in a public assembly, the above-mentioned jumma was made known to Ramjus, Doula, Thundee, Sudasookh, Bhanee, Asaram, Umur Singh, Bustee, Toolsheeram, Zoukee, Hurchain, Teja, Indurmun and the other zemeendars, who were in attendance on the occasion, and by them accepted. They were then desired to appoint Lumburdars, and unanimously selected Thundee, Ramjus, Doula, and Sudasookh. As there are four thokes, it appeared proper to have four persons, one for each thoke. They submitted an engagement promising to pay the revenue for 30 years commencing from the year 12 — to 12 — Fuslee as detailed below.

| Govt. Demand. | Road Fund. | Total per annum. |
|---------------|------------|------------------|
| 2891          | 29         | 2920             |

After the engagement was attested, the Settlement Officer ordered that it be accepted conditionally, pending the confirmation of Government.

*Para. IX. Regarding the appointment of Lumburdars.*—

- The proprietors of the village have appointed Sudasookh, Doula, Ramjus, and Thundee respectively, as lumburdars of the thokes Dalan, Bhuhhooseea, Manik, and Bheeturla. After their death their eldest sons will be entitled to succeed them ; but in the event of the minority or incapacity of the heir, the proprietors of the thoke will appoint another lumburdar according to the decision of the majority. This change will be permanent in the latter case, but in the former last only during the minority.

*Final Proceeds.]*

SETTLEMENT MISL.

[No. 12.]

*Para. X. Regarding the distribution of the Govt. Revenue amongst the proprietors, the mode of collection, and apportionment of profit and loss.*—In order to complete the khewut, Kunhyalal was appointed superintendent by order of Rae Ramsurundass, Deputy Collector. The superintendent went into the village, and having, according to the usual practice, given notice by beat of drum, drew out the khewut papers before the putwaree and all the proprietors of the village, in the mode directed for Putteedaree Bhyacharee tenures, and with the approval of the proprietors. These papers show that the Government demand is divided between the thokes in proportion of biswas, as detailed below.

| Name of<br>lumburdar. | Name of<br>thoke. | Number of<br>biswas. | Extent of<br>land. | Government<br>demand. | Road Fund. | Total. |
|-----------------------|-------------------|----------------------|--------------------|-----------------------|------------|--------|
|                       |                   |                      | Beg. Bis.          | Rs. As.               | Rs. As.    |        |
| Sudasookh, ..         | Dalan, ..         | 5 biswas.            | 875 10             | 722 12                | 7 4        | 730    |
| Doula, ..             | Bhubhooseea, ..   | 5 do.                | 871 8              | 722 12                | 7 4        | 730    |
| Ramjus, ..            | Manik, ..         | 5 do.                | 865 13             | 722 12                | 7 4        | 730    |
| Thundee, ..           | Bheeturla, ..     | 5 do.                | 880 15             | 722 12                | 7 4        | 730    |
| Total, ..             | .....             | 20 Bis.              | 3493 6             | 2891 0                | 29 0       | 2920   |

The lumburdar of each thoke is separately to pay the above mentioned jumma to Government. In thoke Dalan the jumma is computed on the biswa, Rs. 144-8-9 being fixed upon each, and every sharcholder bears the loss and is entitled to the gain of his own share. In thoke Bhubhooseea the holding of every individual has been equally assessed at the rate of As. 14-4 $\frac{3}{4}$  per beegha; and 68 beeghas 11 biswas cultivated in common have been left free of assessment, but the profits will be divided amongst the proprietors in proportion to their respective holdings. In thoke Manik Rs. 72-4-6 have been fixed on every plough, and each proprietor will be entitled to the profits, and responsible for the losses of his own holding. The village expenses in all 3 thokes will be realized in proportion to the Government revenue. In thoke Bheeturla the

*Final Proceeds.]*

SETTLEMENT MISL.

[No. 12.]

proprietors of puttee Indurmun, after carrying to account the rents derived from the non-proprietary cultivators will distribute the balance both of revenue and village expenses, at an even rate per beegha, on the land which may be each year under their cultivation. In puttee Thundee the quantity of land under each sharer's cultivation must be ascertained by the government jureeb every year, and that which is irrigated assessed at 3-8 and unirrigated at 1-12 a beegha. The sum so collected should be added to the rents of the non-proprietary cultivators and the proceeds of the common land and after paying the government revenue and the village expenses, the balance, whether in excess or deficiency, should be distributed amongst the proprietors according to the biswas held. The Sewaee collections of each year, such as from wood, tanks, fruit or bazar fees, and the proceeds of the common land of the village, will be equally distributed between the 4 thokes. In thokes Dalan and Bhubhooseea, the proprietors will subdivide their share of these collections in proportion to the amount which they respectively pay to Government, and in thokes Manik and Bheeturla according to the recorded biswa-share.

In thoke Dalan there are no hereditary cultivators. In thoke Bhubhooseea, Sahib Singh, an hereditary cultivator, should pay 135 Rs. per annum, having the power to transfer or sublet his share; and Luchhmun Singh is to pay 150 Rs. per annum without the power of transferring his share to another party. Subbha and Oodey Singh are to pay per pukka beegha of the Government standard 3 Rs. for irrigated and 1-8 for unirrigated land, according to the decision of the arbitrators. In thoke Manik, Sahib Singh Buhadoor and Ramdeyal agree to pay at the same rate as the proprietors 73 Rs. per annum upon each plough, including contribution to road fund; in the puttee of Indurmun, Gunga Bishun pays at a fixed rate; Doongur a corn rate on nijkaree, and a certain rate per beegha on zubtee; and Lekha Jat in puttee Thundee, pays a fixed rent per beegha according to the crop, as noted in the Terij.

*Final Proceeds.]*

SETTLEMENT MISL.

[No. 12.]

So long as the hereditary cultivators continue to pay the Government demands, they cannot be dispossessed of their cultivation. The tenants at will shall pay for the present year according to the details of the Terij, and in future according to the conditions of the lease to be revised in the commencement of every year.

All the proprietors have the right to mortgage or sell their respective shares, either to provide for their expenses or to pay the Government dues ; but on this condition, that the share must be first offered to a brother, on his refusal to the next nearest kin, after him to the proprietors of the thoke, then to those of the other thokes ; and on their refusal to any stranger. In the event of a shareholder becoming a defaulter, the other share-holders shall be entitled to have the possession of his share after paying the balance ; if the defaulter repays the arrear within five years of the transfer, he will have the right of re-entering at the beginning of the next year, but if not, then the land shall remain with the transferee for a second period of 5 years entire, unless the parties agree to adjust the matter amicably among themselves.

There are two choukeedars receiving each 2 Rs. per mensem, which sum is collected monthly by a cess on all houses of residents ; besides this, they are entitled to certain fees from traders and others who put up with their goods during the night in the village. There is another choukeedar who is remunerated by a jagheer of rent-free land. Sudasookh putwaree is entitled to receive two Rupees per cent. on the Government revenue. Other conditions and arrangements are detailed in the Malgoozaree engagement, which accompanies the Misl.

• *Para. XI. Regarding the attestation of the khewut.*—The papers connected with the khewut, compiled by the Moonserim, were brought for attestation before the Deputy Collector in the presence of the lumburdars, and were regularly attested. The jumma bundee containing 22 entries, was then prepared in conformity with Circular Order No. 3 ; and a proclamation allowing a period of two

SETTLEMENT MISL.

[No. 12.

weeks for objections to be brought forward was put up and published throughout the village by the Tehseeldar. When that period had expired, without any complaint being offered, the proclamation was recalled and filed with the Misl. The proprietors have engaged to continue the same khewut till the end of the Settlement; but if it shall be deemed necessary to make some new arrangement in order to save the village from loss, the existing khewut will be altered according to the judgment of a majority, that is of such proprietors as own the greater portion of the village lands.

*Para. XII. Regarding the disposal of suits.*—During the compilation of the Settlement papers, there occurred four cases of dispute amongst the proprietors, which were disposed of according to the following schedule.

| Name of Thoke.               | Name of con-<br>tending parties.                                                              | Nature of dis-<br>pute.             |                                                                                                                                                                                                                                                                                                                                                                                                                                                       |      |           |           |                       |                              |                  |                      |         |                        |    |   |         |

| Bhubhooseea.                 | Doula and others share-<br>holders versus Yadram<br>and Subsookh heredita-<br>ry cultivators. | Regarding rent rate.                | <p>The same umpires decided, that the hereditary cultivators shall pay at the rate of 3 Rs. per pukka beegha on irrigated, and 1 Rupee on unirrigated land.</p> <p>Both parties confirmed this decision.</p>                                                                                                                                                                                                                                          |      |           |           |                       |                              |                  |                      |         |                        |    |   |         |

The settlement papers have been thus arranged and compiled according to the directions of the Sudder Board. It is therefore ordered that an English version of such papers as are necessary for submission be made out, and sent with the settlement report to the Commissioner of the Western districts, in order that the sanction of Government may be procured through him.

## SETTLEMENT MISL.

[FOR A ZEMINDAREE MOUZAH—No. I.]

*MEMORANDUM from the Collector's office, regarding Mouzah  
Ferozepoor, pergunnah Dasna, zillah Meerut*

From an examination of the settlement book and of the papers in the sudder and moofussil offices it appears that the above village is an uslee and inhabited one; that at the commencement of our rule in 1211 Fuslee, a settlement at a juma of Rs. 2,200 was made with Nainsookh, zemindar, for one year. In 1212 F. S., another settlement for a like period was made with the same person at a juma of Rs. 2,300. After that a settlement from 1213 to 1215 F. S. was made with Nainsookh at Rs. 2,451 per annum, and he paid the revenue for one year. In the second, however, there was an arrear of 800 rupees, and the village was in consequence given in farm for two years to Hursookh rai. After the expiry of this period, a second settlement was made from 1216 to 1218 F. S., at a juma of Rs. 2,592 with Sookhmun, zemindar, in consequence of the infirmity and incapacity of the former zemindar. It appears from an urzee of the Canoongoe of the pergunnah, that Nainsookh, zemindar, died on the 17th June, 1810, A. D., and Sookhmun, zemindar, on the 3rd July. The fouteenama having been duly completed, Thundee was entered in the registers as zemindar in the stead of his father, Nainsookh, and Ramjus in that of his father, Sookhmun, in accordance with proceedings of 25th November, 1810, A. D. The third settlement from 1219 to 1222 F. S. was made with Rumjus, zemindar, at a juma of Rs. 2,792 per annum. In 1221 F. S., in consequence of drought, the village fell into a declining state, and a balance of Rs. 775 was incurred. Ramjus therefore mortgaged 10 biswabs of the village to Huzaree Mul and Gulzaree Mul, sahookars, for 900 rupees; and on the application of the mortgagers, dated 1st May, 1814, A. D., the names of these persons were entered as possessors by mortgage of the land thus

pledged to them. The fourth settlement from 1223 to 1227 F. S. was made with Ramjus, zemindar, for 10 biswahs, and Gulzaree Mul and Huzaree Mul, mortgagees, for 10 biswahs, at a juma conjointly of Rs. 2,892 per annum. On 15th March, 1814, the mortgagees brought a summary suit for Rs. 375 balance due by Ramjus, zemindar, and obtained a decree against him. On the 10th September, 1816, Thundee, zemindar, brought a complaint of over-exaction, amounting to 57 rupees, against the mortgagees, which was dismissed for want of proof. In the commencement of the year 1225 F. S., Ramjus, zemindar, having redeemed his mortgage, regained possession of his 10 biswahs. The fifth settlement from 1228 to 1232 F. S. was made with Ramjus, zemindar, at an annual juma of Rs. 3,100. On the 9th April, 1821, Prem, zemindar, died, and according to a proceeding, dated 5th August, 1821, his eldest son, Sada Sookh was recorded in his stead as zemindar. The sixth settlement from 1233 to 1237 F. S. was made with Ramjus, at an annual juma of Rs. 3,287 and still holds good.

At present Ramjus, Sudasookh, Thundee are entered as zemindars, and Ramjus alone as malgoozar. There is no other claimant.

In the current year there is an arrear due to Government of Rs. 500.

(Signed) HURSUHAI,

*Mohafiz Duffur.*

*Report prepared by the officers of the Tehseel Cutcherry.*

A patch of ground measuring 25 pukka beegahs by the old Jureeb belonging to Huzaree Mul and Goolzaree Mul, is not entered in the mafee register. Of this 17 beegahs, 3 biswahs, or by the present measurement, 16 beegahs, 17 biswas, are left unassessed as being occupied by trees, and 7 beegahs, 17 biswahs, have been included in the Khalsa lands. Two other patches of ground, containing 75 pukka beegahs, or by the present measurement 62 beegahs, and 10 biswahs, held by the same party, were resumed and brought on the Government rent roll in consequence of not being entered in the mafee register. There is much cultivation carried on to the west of the village, the land is high and the rain water immediately drains off towards the east, kucha wells do not answer, owing to their filling with sand, and the proprietors are too poor to line them with masonry. First rate crops are scanty.

2. Rents are levied in the following manner. From proprietary cultivators at a fixed rate for irrigated and for unirrigated land. From hereditary cultivators either a fixed sum upon the holding or a proportion of the nijkaree cultivation or a money rent per beegah. From non-hereditary cultivators, collection is made according to the yearly puttahs, the zemindars are all jointly responsible for the Government revenue, and they divide the gains and losses according to the biswah share possessed by each.

3. The Government revenue is collected with difficulty.

4. The Tehseeldar and Canoongoe give in an estimate of assessment of 3,100 rupees allowing a decrease of 187 rupees on the former jum'a.

Signature of Tehseeldar.

Ditto of Canoongoe.

## No. IV.

*Proceeding held by Mr. Cornwallis, Settlement Officer, zillah Meerut, dated the — 184*

REGARDING THE ASSESSMENT OF MOUZAH FEROZPOOR, PERGUNNAH DASNA.

The settlement of pergunnah Dasna being in progress, mouzah Feroz-poor came this day under consideration, and the zemindars of the village being summoned, Ramjus, Sudasookh, and Thundee, zemindars, attended. From an examination of the professional Map, Statement No. 2, the Jumabundee, and the memorandum from the Collector's office, it appears, that the former juma of this village was 3,287 rupees. There are 1866 acres of Bangur, or high unirrigated land, 332 acres of irrigated, and 377 acres of waste land. The rental of the cultivated land has been calculated according to the following pergunnah rates.

| Description of soil. | Extent of land in acres. | Average rent rate. | Amount according to this rate. | Rate of deduction. | Amount deducted. | Deducted revenue rates. | Amt. according to rates deducted. |
|----------------------|--------------------------|--------------------|--------------------------------|--------------------|------------------|-------------------------|-----------------------------------|

To continue this juma amounting to 3,191 rupees appears inexpedient, because there is much of Bangur and little of irrigated land; the greater part of the land is cultivated by non-proprietary cultivators, and it is not altogether certain that they will continue to cultivate the unirrigated land. The larger portion of the cultivation is towards the west side of the village, where, in consequence of the surface being higher than in other parts, the rain water does not sink into the soil, but flows off in a stream towards the east. Kucha wells do not answer, as they fill with sand from the sides and the proprietors are too poor to construct others with masonry. The more valuable kinds of crops are scantily raised. The juma has been frequently increased during the late summary settlements. In one year, a balance of Rs. 800 became due

to Government, and the village was transferred to a lessee. In another year of the second settlement, a balance of Rs. 775 having become due to Government, the proprietors mortgaged the village; and only with great difficulty redeemed it and recovered possession in a subsequent year. The Government demand is met with difficulty. The estimate of the Tehseeldar coincides with that of the Canoongoe, viz. Rs. 3,100, which is 187 rupees less than the former juma, and in accordance therewith, the Settlement Officer thinks proper to reduce the juma of Rs. 3,191 obtained by the deduced revenue rate, in the sum of Rs. 300, leaving Rs. 2,891 to be realized for the future from the proprietors, besides 29 rupees contribution to road fund. The zemindars being informed of this, gave in their assent. When they were desired to appoint lumberdars, they unanimously chose Ramjus their brother who filed an engagement, promising to pay the Government revenue as fixed, for 30 years, commencing from the year — to the year —. This engagement having been attested by the officer, it was—

*Ordered*—That the engagement be accepted conditionally pending the confirmation of the Sudder Board of Revenue; and that the settlement papers be sent to the Deputy Collector in order to complete the khewut, the parties present being permitted to take their departure.

## FORM OF ENGAGEMENT OR KHIEWUT.

We, Ramjus, son of Sukhmun, Sudasukh son of Prem, and Thundee son of Nainfukh, Jats of the Jutrana Gote, and zemindars of the village of Ferozepore, pergunnah Dasnah, zillah Meerut, do hereby declare that since the Settlement Officer of Zillah Meerut has under Regulation IX. of 1833, admitted us to engagements for the above-mentioned mouzah at the jumma of 2,891 rupees exclusive of 29 rupees for Road Fund, the whole amounting to 2,920 rupees, for 30 years from 12— to 12— Fuses, and thereafter till a new settlement, we covenant and agree before the Deputy Collector to abide faithfully by the following conditions :

I. *Mode of paying the Government Revenue.*—We shall continue to pay the fixed jumma, through the lumburdar, to the Tehseeldar, according to the following instalments :

|                         |                         |
|-------------------------|-------------------------|
| The Rubbee instalment.  | The Khureef instalment. |
| On the 15th May, 4 as.  | On the 15th Nov., 4 as. |
| On the 15th June, 4 as. | On the 15th Dec., 4 as. |
| } 8 as.                 |                         |

II. *Partition of the village lands.*—The lands of the village are, with our full consent, in common.\* Each proprietor has the power, whenever he may so please, of claiming a separate possession of, and authority over, his hereditary share.† But with a view to avoiding the expense which will be consequent on this, we wish‡ that no such division should take place during the currency of this settlement. We have no concern whatever with a garden comprising 16 beegahs and 17 biswahs which has been laid out by Hazaree Mull and Goolzaree Mull Sahookars and is held rent-free by them. With regard to the fruit and timber trees § whether planted or growing spontaneously on the land of non-proprietary cultivators, the custom is, that the trees growing within the private enclosure of any individual shall continue in his possession so long as he resides in the village ; and those growing within the field of any such cultivator will remain his property so long as he cultivates the land, but after voidance of the tenure by death or desertion they shall belong to us. All trees, whether planted or growing spontaneously on the common land of the whole village, shall belong to us conjointly. All trees growing in the land of proprietors are their own private property.

III. *The mode of collecting the Government Revenue from the proprietors.*—The proprietors shall pay upon the land held by them,‡ as entered in the Teerij, upon every pucka beegah of the Government Standard, at a rate of Rs. 2-8 for irrigated and R. 1-4 on such as is not irrigated. Upon whatever land a proprietor may be able to cultivate in any year over and above his regular share he shall pay upon *Nijkaree* crops or such as yield rents in kind one-third of the produce as ascertained by actual division

\* V. para. 167, cl. 6.

+ V. para. 167, cl. 5, l. 3.

‡ V. para. 87, l. 3, para. 132, l. 9 and para. 168, l. 19. The rate upon the cultivator's seer land is a favourable one, and as Ramjus has more seer land than either of the other proprietors, it is evident that he derives a greater profit from the estate than his coparceners. This is often the mode in which the lumburdar is remunerated, or perhaps it may be, that he is elected lumburdar in consequence of the superior influence and resources, which this large cultivation indicates. However this may be, such inequalities in the extent of seer cultivation are frequently the cause of dissension amongst the proprietors.

or appraisement, without any deduction for expenses ; and upon zabtee crops, or such as pay money rents, the following rates shall be levied upon each pukka beegah :

|                   |                 |                  |                      |                   |
|-------------------|-----------------|------------------|----------------------|-------------------|
| Cotton, . . . . . | 3 4             | Sugar-cane, 10 0 | Churree Gowar, 1 4   | Water Melons, 2 8 |
| Indian Corn, 3 0  | Flax, . . . . . | 4 0              | Chaina, . . . . .    | 1 4               |
| Potatoes, .. 10 0 | Tobacco,..      | 5 0              | Safflower, . . . . . | 3 4               |
|                   |                 |                  | Onions, . . . . .    | 2 0               |

IV. *The mode of collecting the Government Revenue from hereditary cultivators.*—Asaram, Indurmun, Bystee, Boodh Singh, Buhadur, Purta, Thundee, Toolseeram, Jusram, and Cheyt Ram shall pay yearly at the fixed rate as shewn in the Teerij. 'Asaram and Indurmun\*' have the power of transferring their land and making over such portion as they may be unable to cultivate themselves to any other person. Boodh Singh and Buhadur† have the option of cultivating themselves or of sub-letting the land upon such terms as they may be able to procure, being themselves responsible to the proprietors for the punctual payment of the fixed rent, but they have not the power to transfer their land. Buhadur, Purta, Thundee, Toolseeram and Jusram‡ have neither the power of transferring nor of sub-letting their land. Buhanee, the 3 Prems, Teja, Doongur, Ramdial, Subha, Sahib Singh, Gungabishn, Gungaram, Luchinun, Sukha, Hetram, Hurchain, Yadram son of Bhawanee, 16 persons, shall pay 3 rupees on irrigated and 1-8 on not irrigated land per pukka beegah of the Government standard. Khooshal, Khoosheeram, Doola, Zoukee, Surubsukh, Seoka, Sukhram, Sahib Singh 2nd, Futtah Singh, Kishen Suhai, Gungaram 2nd, Lekha, Mookta, Nundkurun, Hurchain 2nd, Yadram son of Mojee, Yadram son of Chaina, 17 persons, shall pay upon nijkaree crops a corn rent of one-third of the produce as ascertained by actual division or appraisement, besides 3 seers per maund of the Government share ; and upon zabtee crops at proprietor's rates as noted in the Teerij. This arrangement to be in force during the currency of the settlement without change of any sort with regard to hereditary cultivators. So long as they continue to pay the amount due from them, we will not dispossess them ; but if they fail to pay in any year, they shall be sued summarily for the arrear, and on obtaining a decree in our favour and failing to realize the amount, we shall have the power to dispossess them on receiving the Collector's order§ ; but if the arrear be due from Asaram and Indurmun, it will be in the power of the Collec-

tor to bring their tenures to sale in satisfaction of the balance.\* If an hereditary cultivator runs away or dies,† his son or his immediate successor will succeed him on his promising to pay the assessment and to cultivate on the terms previously agreed to. If in any year it shall be agreed between the parties for any cause to alter any hereditary cultivator's rate of payment, notice thereof shall be given at the commencement of the year to the Tehseeldar.

V. *The mode of collecting the Government Revenue from tenants at will.*—The rate to be paid for this year by each pahee and tenant at will‡ is entered in the Teerij, and according to that the demand shall be made. In future, it shall be according to the agreement entered into at the commencement of the year, and tenants at will shall not be authorized to cultivate until a fresh agreement is made in the month of Jeth. If a tenant at will vacates by death land under cultivation, his immediate heir shall have the right to the crop paying the amount due.

VI. *Regarding apportionment of profit and loss.*—We will divide equally§ any sum which may remain over after paying the Government revenue and the village expenses; as also the Sewaee items,|| such as the produce of fruit, forest trees, rivers and bazar fees. In the event of loss we will bear it equally. The lumburdar¶ shall be responsible for the collection of the amount due from hereditary cultivators and ryots, and for explaining their accounts to the proprietors.

VII. *The mode of appointing lumburdars.*—The proprietors have agreed to appoint Ramjus their eldest brother lumburdar.\*\* The appointment is for life and hereditary. On his death his eldest son shall succeed him, but in the event of the minority or incapacity of the heir, a person shall be appointed, in the former case during the minority, and in the latter, for ever, according to the decision of the majority of the proprietors.

VIII. *Transfer of tenure.*—All the proprietors†† in conjunction have the right to sell or mortgage the village either to satisfy their private needs or to pay the Government arrears; but no one proprietor without the concurrence of the whole body can sell his share to a stranger.

## SETTLEMENT MISL.

**IX. Realizing balances of Revenue.**—In the event of a balance being due to Government in any year, Government shall have the right to attach and sell all our real and personal property, or to transfer or sell the entire village.

**X. Village Expenses.**—The village expenses\* such as payment on dustucks, entertainment of travellers, the lumburdar's maintenance during attendance at Cutcherry, and the Putwaree's fees, shall be disbursed from the common stock after due notice given to the shareholders, and fall equally upon all of us. The detailed account of them shall be entered in the Putwaree's papers, and care taken that these charges are not excessive.

**XI. Putwaree.**—Sudasookh,† son of Chainsookh, Buka about 40 years of age, and an inhabitant of this village has been appointed Putwaree. He is entitled to receive two rupees per cent. on the Government revenue. We will pay his dues at the same time as the revenue instalments to the Tehseeldar, through whom he will receive them. We will neither dismiss him from office nor supersede him without the order of the Collector. All the accounts of the village shall be kept by him, and the jumabundee‡ and other papers annually required will be regularly furnished through him to the Tehseeldar.

**XII. Chowkeedars.**—Hurdeo,§ the son of Nainsukh, and Zorawar son of Khooshal, both brahmins, are appointed as chowkeedars of the village, and by order of the Settlement Officer will receive 2 rupees salary each per mensem. This sum will be collected monthly by an even cess on all houses of residents, except those of sweepers, and after being paid to the chowkeedars, their receipts will be lodged in the thana.

There is a high road through this village. The chowkeedars are entitled to the fees, according to the scale fixed by the Magistrate from the traders who abide there during the night. There is another chowkeedar called Nyna, the son of Bhoop, sweeper, who for a long time has held rent-free 10 pukka beegahs of land; this land which has at present fallen out of cultivation, will continue in his possession.

---

\* V. paragraph 57, l. 5.

† V. paragraph 167, cl. 8, l. 1.

‡ V. paragraph 168, l. 14.

§ V. paragraph 167, cl. 8, l. 2.

XIII. *Fine and treatment of Criminals.*—If in any case the Criminal Court imposes a fine upon the village, the houses of all the residents of the village, except those of sweepers, shall be equally assessed to cover the amount of the fine; but if any one should be extremely indigent he shall be excluded from the cesa, if the majority of the inhabitants agree to sanction the indulgence. The reason why all the ryots are included in the payment of fines at equal rates is that all the inhabitants of the village graze cattle in the jungle and take wood and straw and pala according to their wants. We will not charge them any thing for grazing or taking wood.

Should any individual residing in the village be fined, he must be held responsible for it in his own person. The lumburdars will be bound to carry out such orders as may issue from the Criminal and Revenue Courts, as well as to inform the Magistrate of any vagabond and man of bad character residing in the village. If the lumburdars fail to give this intimation and his character be afterwards impugned in any case, so as to induce the Magistrate to impose a fine, the lumburdars will alone be responsible for it; no general assessment will be levied to cover it.

XIV. *Manure.*—Each cultivator shall be entitled to take the manure collected in and about the village in proportion to his cultivation; i. e. he who ploughs one beegah to take one cart load, and he who ploughs ten to take ten.

We have written these clauses in the shape of an engagement, that it may remain as an authentic document and be appealed to in case of necessity.

**FINAL PROCEEDING** held by Mr. Cornwallis, Settlement Officer Zillah Meerut.

Dated ——— 18—A. D.

The Settlement papers of mouza Ferozepoor, an uslee and inhabited village of pergunnah Dasna, the tenure of which is zemindaree according to the description giving in Regulation IX. of 1833, being now completed and arranged, have been examined by the Settlement Officer, and the following paragraphs contain an abstract of their contents.

*Para. I. Regarding decision of boundaries.*—It appears from the Boundary Misl that the demarcation of this village was completed in the year 18—, by the Tehseeldar of the pergunnah. The right to 40 pukka beegahs of cultivated, and 200 beegahs of waste land, situated towards the west, between the boundaries of Puchkhera and Ferozepoor, was disputed by the Zemindars of both villages. Their respective claims were decided by mutual consent, and the land divided equally between the parties.

To the south of the village, a dispute regarding the boundary of Salehpoor, was decided by the arbitration of Hurdeo, Balkishun, and Nurput, Zemindars of mouza Piswara, chosen as arbitrators by the contending parties, who accepted the decision; and to the north of the village, a dispute regarding the boundary with Nagul was decided in the presence of the Assistant Settlement Officer, by the arbitration of Doulut, Zemindar of Bamnowlee, Oodey Singh, Zemindar of mouzah Sumalukh, Buldeo Singh, Chowdhree of Qusba Dasna, and Purshadrae, Zemindar of Jugjeewanpoor, the arbitrators chosen by lot under Regulation IX. of 1833. No dispute existed with any other villages regarding boundaries. Razeenamas executed by the Zemindars of the surrounding villages, together with a sketch of the boundaries of the whole village, are filed with the Misl.

*Para. II. Regarding the Professional Survey.*—In the year 18—, this village was measured by the Professional Surveyor. The area in acres is as follows.

| Total area in acres. | Minhaee. | Balance. | Culturable not cultivated. | Recently thrown out out of cultivation. | Cultivated. |
|----------------------|----------|----------|----------------------------|-----------------------------------------|-------------|
| 2661                 | 80       | 2581     | 584                        | 437                                     | 1560        |

No. 9.]

## SETTLEMENT MISL.

*Para. III. Regarding the field measurement.*—In the year 18—, a detailed field measurement was made by the Ameen; the *Ahusra* and field map were prepared by him, and subsequently examined by the Tehseeldar of the pergunnah. The area in acres is detailed below.

| Total area. | Site of the village, &c. | Service land. | Garden. | Culturable not cultivated. | Recently thrown out of cultivation. | Cultivated. | Irrigated. | Not Irrigated. |
|-------------|--------------------------|---------------|---------|----------------------------|-------------------------------------|-------------|------------|----------------|
| 2608        | 70                       | 6             | 10      | 324                        | 38                                  | 2160        | 332        | 1828           |

The difference between the professional and the native measurement amounts to 53 acres.

*Para. IV. Regarding Likhiraj land.*—From the Memorandum of the Collector's office it appears that a piece of land containing 26 pukka beegahs, and belonging to Goolzaree Mul and Huzaree Mul, was not entered in the Register; 17 beegahs and 3 biswas (or by the present measurement 16 beegahs and 17 biswas,) out of this land are left unassessed, from being planted with trees, and 7 beegahs and 17 biswas have been included in the khalsa land; two other pieces of land belonging to the same party and containing 75 pukka beegahs (or by the present measurement 62 beegahs 10 biswas) have been resumed, and included in the khalsa land, on account of their not being entered in the Register.

*Para. V. Regarding the former Settlements.*—The same paper mentions that in the commencement of our rule the first Settlement was made with Nainsookh Zemindar, at a juma of rupees 2451 from the year 1213 to 1215 Fuslee; he paid the revenue for one year, but in the next a balance being due to Government the village was transferred to Hursookhrae Moostajir. After this period, the second Settlement was made with Sookhmun, Zemindar, at a juma of Rs. 2592 from the year 1216 to 1218 Fuslee. Nainsookh died, and the name of his son Thundee was entered as Zemindar instead of the deceased, in the usual manner, and at the death of Sookhmun, Ramjus was entered as Malgoozar instead of his father. The third Settlement from 1219 to 1222 Fuslee was made with Ramjus, Zemindar, at a juma of Rs. 2792 per annum. On the 1st May, 1814, according to the application of Ram-

jus mortgager, Huzaree Mul and Goolzaree Mul mortgagees were recorded in the usual manner as malgoozars, of 10 biswas. The fourth Settlement from 1223 to 1227 Fuslee was made conjointly with Ramjus, Zemindar of 10 biswas, and Goolzaree Mul and Huzaree Mul, mortgagees of 10 biswas, at a juma of Rs. 2492 per annum. In the commencement of the year-1225 Fuslee, Ramjus, Zemindar, having redeemed his lands regained possession from the mortgagees. The fifth Settlement from 1228 to 1232 Fuslee was made with Ramjus, Zemindar, at an annual juma of Rs. 3100. After the death of Prem, Zemindar, the name of Sudasookh, his eldest son, was entered in his stead as Zemindar, on the 5th August, 1821. The sixth Settlement from 1233 to 1237 Fuslee was made with Ramjus Zemindar at an annual juma of Rs. 3287, and still holds good.

*Para. VI Regarding rights of Zemindars.*—Thundee, Ramjus, and Sudasookh, (Jats,) have been proved to be the hereditary proprietors of this village.

*Para. VII. Regarding capability of the village and its assessment.*—It appears from the professional map, statement No. 2, the Jumabundee statement, and the memorandum from the Collector's office, that the former juma of this village was Rs. 3287. The estimates of the Tuhseeldar and Canoon-goe were both Rs. 3100, being 187 rupees less than the above-juma. It contains 1866 acres of unirrigated bangur, 322 acres of irrigated, and 324 acres of waste land. By applying the average rent-rate to the cultivated area, a jumabundee of 4787 rupees is obtained; and from this, by a deduction of one third, a juma of 3191 rupees. The calculations are given in the proceeding dated ——. The Settlement Officer saw fit to lessen this juma by Rs. 300 for the several reasons mentioned in the same proceeding; and accordingly, after making this deduction, 2891 rupees per annum are fixed as the future juma, with the addition of Rs. 29 for the road fund.

*Para. VIII. Regarding the present Settlement.* On the — 18— the Settlement of the pergunnah having been brought forward in a public assembly, the abovementioned juma was made known to Ramjus, Thundee and Sudasookh, Zemindars, who were in attendance on the occasion. They accepted the juma, and appointed Ramjus as humberdar. He submitted an engagement promising to pay the revenue for 30 years, commencing from the year 12—to 12—Fuslee as detailed below :

| <i>Govt. demand.</i> | <i>Road Fund.</i> | <i>Total per annum.</i> |
|----------------------|-------------------|-------------------------|
| 2891.                | 29.               | 2920.                   |

No. 9.]

## SETTLEMENT MISL.

After the engagement was attested, the Settlement Officer ordered that it be accepted conditionally, pending the confirmation of the Sudder Board of Revenue.

*Para. IX. Regarding the appointment of Lumburdars.* The proprietors of the village have appointed Ramjus as hereditary lumburdar. After his death his eldest son will be entitled to succeed him; but in the event of the minority or incapacity of the heir, the proprietors will appoint another lumburdar according to the decision of the majority. This change will be permanent in the latter case, but in the former last only during the minority.

*Para. X. Regarding the compilation of the Khewut.*—In order to complete the khewut, Kunhyalal was appointed Superintendent by order of Rae Ramsurundass, Deputy Collector. The Superintendent went into the village, and having, according to the usual practice, given notice by beat of drum, drew out the khewut papers before the Putwaree and all the proprietors of the village, in the mode directed for a zemindaree tenure, and with the approval of the proprietors. These papers show that the Government juma is undivided, and that it will be paid through the lumburdar: that the proprietors shall pay for the land held by them, as entered in the Teerij, viz; upon every pucka beegah of the Government standard at a rate of Rs. 2-8 for irrigated and Rs. 1-4 for un-irrigated land. For whatever land a proprietor may be able to cultivate in any year over and above his regular share, he shall pay upon *nijkaree* crops  $\frac{1}{3}$  of the produce without any deduction for expenses as ascertained by actual division or appraisement; and upon *zubtee* crops the following rates per pucka beegah.

|                 |     |     |        |               |     |        |
|-----------------|-----|-----|--------|---------------|-----|--------|
| Cotton, ..      | ... | ... | 3 4 0  | Chaina, ..    | ... | 1 4 0  |
| Sugar, ...      | ... | ... | 10 0 0 | Carrots, ..   | ... | 3 8 0  |
| Churree, Gowar, | ... | ... | 1 4 0  | Potatoes, ..  | ... | 10 0 0 |
| Melons, ...     | ... | ... | 2 8 0  | Tobacco, ..   | ... | 5 0 0  |
| Indian Corn, .. | ... | ... | 3 0 0  | Safflower, .. | ... | 3 4 0  |
| Flax, ...       | ... | ... | 4 0 0  | Onions, ..    | ... | 2 0 0  |

Ten persons Asaram, Indermun, Bustee, Boodh Singh, Buhadoor, Purtap, Thundee, Toolseeram, Jusram and Chaitram, from among the hereditary cultivators shall pay yearly at the fixed rates, as shewn in the Teerij. Bhanee, the 3-Prems, Teja, Doongur, Ramdial, Subha, Sahib Singh, Gunga Bishun, Gungaram, Luchmun, Lukha, Haitram, Hurchain and Yadram, son of Bhuwanee, 16 persons, shall pay 3 rupees on irrigated and 1-8 on unirrigated land per pucka beegah of the Government standard. Khoosihal, Khoosheer-ram, Doula, Zoukee, Surbsookh, Seoka, Sookhram, Sahib Singh,

2nd, Futeh Singh, Bishen Suhay, Gungaram 2nd, Lekha, Mookta, Nundkurun, Hurchain 2nd, Yadram son of Moujee, and Yadram son of Chaina, 17 persons shall pay upon *nijkaree* crops a corn rent of  $\frac{1}{8}$  of the produce as ascertained by actual division or appraisement, besides 3 seers per maund of the Government share; and upon *zubtee* crops at the same rates as the proprietors.

So long as the hereditary cultivators continue to pay the Government demands, they shall not be dispossessed of their cultivation. The tenants at will shall pay for the present year according to the details of the Teerij, and in future according to the conditions of the lease to be revised in the commencement of every year.

It will be the duty of the *lumburdar* to realize the rents from the hereditary cultivators and tenants at will; to give an account of the collections to the proprietors, and to make an even apportionment of the profit and loss, inclusive of the *Sewae* items, such as *Julkur*, *Bunkur*, and *Phulkur* and the income from market fees.

None of the proprietors is at liberty to sell his share to a stranger without the consent of the whole body of the shareholders. When a balance accrues upon any share any other shareholder is entitled, with the consent of the defaulter, to take possession of his share after paying the arrears as entered in the *Putwaree's* register, and to enjoy the full rights of the proprietor. The defaulting shareholder will in such case be entitled to regain possession of his share at the commencement of the season, that is in the month of *Jeth*, upon repayment of the original arrear.

There are two *choukeedars* remunerated each at the rate of 2 rupees per mensem, which sum is collected monthly by a cess on all houses of residence; besides this, they are entitled to certain fees from traders and others who halt with their goods during the night in the village. There is another *choukeedar* who is remunerated by *jageer* of rent free land. *Sudasookh Putwaree* is entitled to receive two rupees per cent. on the Government revenue. Other conditions and arrangements are detailed in the *Malgozaree* engagement, which accompanies the *Misl*.

*Para. XI. Regarding the attestation of the khewut.*—The papers connected with the *khewut*, compiled by the *Moonsurim*, were brought for attestation before the Deputy Collector in the presence of the *lumburdar*, and were regularly attested. The *Jumabundee* containing 22 entries, was then prepared in conformity with Circular Order No. 3; and a proclamation allowing a pe-

No. 9.]

## SETTLEMENT MISL.

ried of two weeks for objections to be brought forward was put up and published throughout the village by the Tuhseeldar. When that period had expired, without any complaint being offered, the proclamation was recalled and filed with the Misl.

*Para. XII. Regarding the disposal of suits.*—During the preparation of the Settlement papers, Asa Ram, hereditary cultivator, brought a suit before the Deputy Collector against Ramjua lumburdar, complaining of the amount of rent exacted by him. The case was decided by Doulut, an arbitrator chosen by consent of both parties; he fixed an amount of 70 rupees as the rent to be annually paid by Asaram.

Since the Settlement records have been thus arranged according to the directions of the Sudder Board, *it is ordered* that an English version of such papers as ought to be transmitted to the superior authorities, be made out, and sent with a report to the Commissioner of the Western district, in order that the sanction of Government may be procured through him.

(Signed) —————

*Settlement Officer.*
